Hi Linda, the best day for Jill is Tuesday Feb 2nd and the time that works for everyone is 1-2 pm. I think you intended to send the invite, and I have copied all of our participants on this email. Since this is a technical discussion, we've limited it to technical staff. I also wanted to let you know that since the update provided January 7th (attached), we don't have a lot more information to share at this time. The wells were sampled January 12-14, and we don't expect the lab results for another week or two, and will need time to evaluate that data after receipt. We're happy to meet next week but just wanted you to be aware of the status and that we'll know a lot more in a month or so.

I could do 2/2 between 1 and 3. I could also do 2/3 but would need to rearrange an internal meeting.

Thanks

Jill

Xcel folks are available for most of those times; I'm waiting on confirmation from HDR that they can make any of the times below. Have requested response by EOB today if possible, or first thing in morning.

2/2: 12:30-2 or 3-4 (may need to end by 3:45)

2/3: 2-4 pm

2/4: 3-4 pm (may need to end by 3:45)

No, some of the times have been taken. We have the following times:

2/2: 12:30-2 pm or 3-4 pm

2/3: 1-4 pm

2/4: 8-9 am or 3-5 pm

Hi, Jennifer,

Just checking in. Are we now looking at a short discussion the second week of February? If so, I will check calendars and send you a few times.

Wow, Jennifer, you are busy. Yes, please, just let me know if I need to check the second week of February.

I hope your new year is going well. Take care.

Hi Linda, happy new year. Of course, I will check calendars and get back with you. We are currently very focused on advancing the new treatment system to replace the Comanche BAP and annual CCR groundwater reports for our five sites. We will make every effort to accommodate the dates below, and only if needed we may propose times the second week in February. Thank you.

Good Morning, Jennifer,

Treasure reminded me that we should schedule a short meeting to allow you to present your phase 2 drilling results and discuss the next steps. Please also confirm with Jill Parisi her availability. We can offer the following times during the week of February 1:

2/1: 9-11 am or 1-3 pm

2/2: 12:30-2 pm or 3-4 pm

2/3: 1-4 pm

2/4: 8-10 am

Thank you for consideration of this request. I hope you are staying well.

Best regards,

Linda Jacobson
